

# Remote Verification

## Alarm Verification

### *Raising the collective effectiveness of CCTV and Alarm Systems*

Combining the existing intruder monitored alarm with an existing CCTV system, can ensure when an intruder alarm is received, RVR can instigate a suitable response plan based on the visual verification and confirmation of a monitored alarm.

Fast, efficient & appropriate response, without the threat of false alarm.

Interaction with: -

- Anti theft smoke systems
- Ballistic shuttering
- Gates, barriers and doors

All of which can further prevent the ingress, theft & vandalism of your property, whilst providing real event lead information to staff, key holders & police response services.
